

## Overcoming Failure

*The road to success leads through several bus stops of failure, but refuse to alight at any of these stops.*

*Failure is a signpost that directs us to the right paths, awakens us to evaluate and alerts us to other options.*

*By focusing on what you don't have, you fail to realise and use to the full, what you do possess*

*You may not determine how and where you enter the race of life but you can determine how you end up by letting go of the past*

*Yesterday is gone and you cannot change it but your tomorrow has promise and can be embraced and managed.*

*Do not allow what you are today to destroy what you can be or desire to be tomorrow.*

***You may fail at particular endeavour but that does not make you a failure except you accept it***
